

A Comment from HOD

The Department of Education is destined to cater to the enlightenment requirement of a massive chunk of the learners' community here at Govt. Degree College for Woman Anantnag. Here the catchment for enrolments radiates for and wide, various towns and Tehsils apart. Ours is one of the prime academic institutions in District Anantnag and an ace one for the females having passed teens. Linking this pushing incumbency with the truth that the discipline of Education at First University Degree level fits more aptly in the feminine scheme of academic nourishment and so lures larger enrolments towards our Department.

We are a committed team of 04 Assistant Professors and 03 Lecturers engaged on Academic Arrangement for 2017 – 18. We spare none of our efforts and abilities in dispensing an incessant rendition of enlightenment, involving our highly conceived intellectual exercises aiming at the academic well-being and general personality grooming of the higher learners. We have embarked on the trending Choice Based Credit System (CBSC) and Semester based division of the Degree Courses. Our Department has got fully akin to the new developments. This Department achieved more than excellent results in the area of academic performance over the years gone by. This Department has also a role of an unspoken of virtual Guidance and Counselling Service at all-time disposal of inquisitive needy learners.

I on behalf of the whole department do resolve to put all resources together for the welfare of the learners in the times to come as well.

H.O.D

Dr. Tanveer Ahmad Bhat

MISSION:

- I. To provide leadership and inspiration for learning and human development.
- II. To utilize the standards – based education that addresses individual differences and learning styles.
- III. To empower students to take ownership and responsibility for their present and future learning by developing their academic, interpersonal, intrapersonal and technological skill.

VISION:

Our vision is of a new world of learning based on the compelling truth that improving education is the key to the survival of the human race. It is a world of creativity, inspiration and ambition witnessing real world evidence and experience. It is a world where students become lifelong learners and develop 21st century skills. It is a world where innovation is the rule, not the exception. It is a world where schools provide rigorous project based learning, social and emotional learning and access to new technology.

It is a world where students and parents, teachers and administrators, policy makers and the people they serve are all empowered with a shared vision to change education for the better. A world where the democratic ideals are sanctified and aimed upon to usher in transformation in social, political and economic affairs where sustainability is upheld forever.

AIMS AND OBJECTIVES:

- ❖ To ensure the development of enlightened citizens to make the nation prosperous, happy and strong.
- ❖ To build character and to inculcate human values in students.
- ❖ To develop the sense of dignity, self-respect and self-reliance among students.
- ❖ To build confidence among students to face future challenges.
- ❖ To develop capacity for research and enquiry among students.
- ❖ To promote student achievement and preparation for global competitiveness by fostering educational excellence.
- ❖ To widen the horizon of knowledge.
- ❖ To develop spontaneity, originality that would prepare each student for whole – hearted participation.
- ❖ To enhance learning capacity through technology.
- ❖ To inculcate creativity and to develop scientific attitude vis-à-vis spiritual foundations.
